Heroes

Description

by Mandy Smyth

One of the coolest and most anticipated shows, Heroes, has hit TV's nation-wide for its premier season. The show deals with normal people around the world who are discovering that they have super powers. Some of them can fly, some of them can teleport themselves through time and space, some of them can hear your thoughts, and some can never get hurt-- they can heal themselves no matter what injury they suffer. They are confused by their new-found powers and are trying to learn exactly why they were given to them and not someone else.
